

As easy as 1-2-3

Reading data from the flashID® Emergency Identification System™

Three easily recognisable models

All flashID models carry the distinctive flashID logo with the internationally recognised emergency symbol of a white cross on a green background.

1 The flashID Classic (right)

A standard USB flash drive, which swivels out from a protective metal collar to reveal the key (arrowed), which may then be plugged into the USB port of the computer

2 The flashID Card (below)

The same size as a credit card or driver's licence. The hinged USB key is built into the card and may be folded out to be then inserted in the USB port of the computer

front

back

front (key extended)

3 The flashID Watch

Carries the flashID logo on the face and has its USB key built into the strap as illustrated and may be simply folded out for insertion into the computer

For additional copies of this card call 1300 761 690 Email: office@flashid.net

As easy as 1-2-3

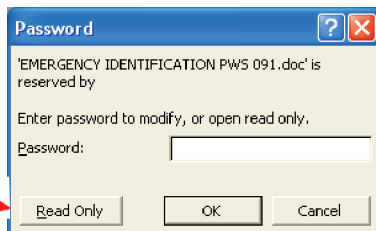

Reading data from the flashID® Emergency Identification System™

All flashID models carry the distinctive flashID logo. This card shows how to open and read the Emergency Identification Document.

- 1 Insert flashID device** (see overleaf for details) in computer's USB socket, as illustrated (left). The following window should open automatically. (If it doesn't, it may be necessary to open it via My Computer or Windows Explorer)

- 2 Double click on document** (as shown above) ...
When screen (right) opens, click on **Read Only button**

- 3 Scroll down to Page 2, the Rapid Access page,** which allows you to jump to the following Sections:

- Holder's Photograph
- Personal information
- Medicare and insurance
- **Medical alerts, if any**
- Own doctor (GP)
- Specialist (provision for two)
- Emergency contact/Next of kin
- Additional information

(Note: With some computers it will be necessary to use the Ctrl key in conjunction with the mouse in order to link to the indicated section.)

Rapid Access

Emergency/Medical Services Please Note:

You can either scroll down this document, or click on any of the headings below to go immediately to that section.

On some computers it may be necessary to use the Ctrl key at the same time as you click the link.)
